ABOUT THE COLLEGE

PSG College of Technology, an institution of academic excellence, was founded in the year 1951 by PSG & Sons' Charities Trust. The institution is equipped with latest facilities and excellent infrastructure. The college has signed MoUs with research organizations and industries to promote closer interaction in the areas of technology development, student training, curriculum updating and establishment of state-of-art-centers of excellence. The mission of the institution is to provide world-class engineering education, foster research and development, evolve innovative applications of technology, encourage entrepreneurship and ultimately mould young men and women capable of assuming leadership of the society for the betterment of the country.

ABOUT THE DEPARTMENT

The Department of Information Technology was established in the year 1999 with a vision to develop quality engineers to meet the current needs in the emerging world of IT. The department endeavours to educate students to acquire technical expertise and knowledge in the field of Information

Technology. The department offers one under graduate programme in Information Technology and two post graduate programmes in Information Technology and Biometrics and Cyber security.

ABOUT THE WORKSHOP

- To discuss various Blockchain technologies and provide a mechanism for exchange of ideas and technologies between researches, academicians and industry personals.
- To discover opportunities, social impact and challenges in Blockchain technology.
