

Core values of PSG College of Technology

The core values are maintained in line with the thoughts of the founding fathers of PSG College of Technology through a comprehensive monitoring of activities and the feedback of the society as decided by the PSG & Sons' Charities Trust and the Trustees. Thus the college practices the following core values in its every academic and administrative process.

- Respect knowledge and provide all support for its growth irrespective other constraints.
- Respecting women and supporting them for development.
- Promote concern for environment and its sustainability.
- Maintain highest levels of transparency in teaching, evaluation, grading and financial transactions.
- Inculcate a sense of responsibility among all the individuals for their actions and subsequent reactions.
- Promote character building through education.
- Attain inclusive growth with commitment.
- Develop concern and respect for fellow human beings.
- Mentor and empower the employees to carry out their duties effectively.
