## ABOUT THE INSTITUTION

PSG College of Technology established in 1951, is one of the many educational institutions nurtured by PSG & Sons Charities Trust. The college is Government Aided, Autonomous, ISO 9001:2015 Certified and Affiliated to Anna University. The institution is equipped with latest facilities and excellent infrastructure. The college offers programmes in Science, Engineering and Management at UG and PG levels. The institution has a strong alumni base, most of them occupying coveted positions in many educational, industrial and research organizations all over the world.

## ABOUT THE DEPARTMENT

The Department of Instrumentation and Control Systems Engineering was established in the year 2007. The Department provides undergraduate programme in Instrumentation and Control Engineering and postgraduate programme in Control Systems. The Department caters to the ever challenging needs of technical excellence in all areas of Instrumentation and Control Engineering. The Department is equipped with Process Control Lab, Industrial Automation Lab, Control and Instrumentation Lab, Distributed Control System Lab, Embedded Systems Lab, etc. PSG – Rockwell Centre of Excellence is a collaborative centre, started functioning in the department since 2013. It caters to the need of both under graduate and post graduate students in the area of automation and control.

## FACILITIES AVAILABLE

- ✦ MicroLogix PLCs with HMI system
- ✦ CompactLogix
- ✦ ControlLogix with distributed I/O
- ✦ Kinetix 350 400W Servo Drive
- ✦ Pilot Plant for demonstrating real time PLC Applications

## ABOUT THE PROGRAMME

The workshop focuses on

- ✦ Providing fundamental knowledge on the operation and functions of programmable logic controllers
- ✦ Offering **hands on experience** on programming Allen – Bradley PLC modules for performing factory automation.

## TOPICS COVERED

- ✦ Introduction to PLC
- ✦ PLC Hardware Components
- ✦ AB PLC Programming Procedure
- ✦ AB Programming Instructions
- ✦ Emulation of Ladder Logic Programming
- ✦ Sequencer functions
- ✦ Analog Operations using PLC
- ✦ Real Time Factory Automation Examples
- ✦ Case Studies
