PSG COLLEGE OF TECHNOLOGY

PSG College of Technology, established in the year 1951 by the PSG & Sons Charities, Coimbatore, is one of the premier institutions of the country and is an excellent center for advanced studies and research in several areas of Engineering, Technology, Applied Science and Management. The College has been granted autonomy since the year 1978. PSG Tech is driven by the vision to make the society better through engineering education, research and innovation. The College houses more than 505 research scholars enrolled in Ph.D. / MS / M.Tech degrees and is also recognized as QIP center for Postgraduate and Ph.D. programmes. With financial support from MHRD, DST and other agencies, about 49 Centers of Excellence have set up to cater to the needs of current Industrial Research and Consultancy activities. PSG Tech stands as a place with countless opportunities to explore for both the graduates and the faculty.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering, with its dedicated well qualified faculty, technical staff and students, aims to be center of excellence in Computer Science and Engineering through education and research. The mission of the department is to

- Develop high quality Computer Science & Engineering graduates with technical and professional skills
- Foster research to solve real world problems with emerging technologies and social consciousness

ABOUT THE CONFERENCE

National Conference on Intelligent Systems and Applications (NCISA 2021) will focus on areas of intelligent systems and its real world applications. The primary aim of NCISA 2021 is to present the latest research work of scientists and research scholars working in Artificial Intelligence and its related areas. This conference provides opportunities for the delegates, students and participants to exchange innovative solutions, research ideas and applications through keynotes, paper presentations and discussions. We hope that the outcome of NCISA 2021 will yield significant contribution to the knowledge in the emerging research areas of Computer Science.
