M.Tech Nano Science and Technology

Program Outcomes for 2018 regulation:

PO1: An ability to independently carry out research/investigation and development work to solve practical problems
PO2: An ability to write and present a substantial technical report/document
PO3: An ability to demonstrate a degree of mastery over nanoscience and technology
PO4: An ability to apply knowledge of computing, mathematics, science and engineering for micro and nanoscale devices
PO5: An ability to analyze the impact of nanostructures on device design engineering solutions for the society and will be aware of contemporary issues
PO6: An ability to use modern engineering, design and analysis tools for micro and nanoscale devices especially in Indian context.
